

StatsView::toggleEquityTable

```
graph LR; A[StatsView::toggleEquityTable] --> B[StatsView::refreshEquityTable];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'StatsView::toggleEquityTable'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'StatsView::refreshEquityTable' on two lines.
